

Aiming Piece Cumulus and Stratus

Order number: AU-01135

The FireSales Cumulus and the Stratus allow you to produce vertical smoke by tipping the machine. For leaving the machine in a horizontal position use the aiming piece for Cumulus and Stratus. This will allow direct the smoke. The aiming piece can be placed in different positions. The machine can be left in a horizontal position with the added benefit of being able to let the liquid can stay inside.

- suitable for the FireSales Cumulus and Stratus
- direct the smoke, without toppling the machine
- the can with the liquid can stay inside the machine

material: stainless steel
