

FireSales Fog Fluid Feuerwehr Universal, 5 ltr

Order number: AU-01175

Universal smoke fluid for realistic fire simulations.

- specially developed for indoor use
- produces dense smoke
- fills medium sized rooms and canteens
- based on water and glycol, leaves no residues

content: 5 l

dimensions: 19 x 15 x 24 cm

weight: 5,3 kg

Perfect for fire drills and fire drills.

The fog fluid is suitable for all modern water-glycol smoke machines such as Nimbo, Cumulus, Stratus. The fog fluid can be used horizontally and vertically and is therefore versatile. It is also suitable for simulating accidents involving hazardous substances. The smoke fluid consists of the purest ingredients and is one of the safest smoke fluids for man and machine. One of the main components is water.
