

Blindfold Mask Fire Brigade Translucent

Order number: AU-01865

Realistic training with the blind mask Fire Brigade.

- restricts visual perception
- translucent, so that the incidence of light can be perceived
- ideal for situations/training where smoke cannot be used
- velcro fastening
- can be used with PA mask

Optimize your firefighter training with the innovative Ruth Lee blind mask. Realistic training is made possible by the targeted restriction of vision. The masks are translucent, so the incidence of light is perceived. Ideal for smoke-free training. Easy Velcro attachment or attachment to PA masks. Perfect exercise for real-life situations.

dimensions: 21 x 120 cm
