

## FireSales Phoenix Silkflame, adjustable flame height 0-200 cm

**Order number:** AU-05318

FireWare's Phoenix Silkflame has been especially developed for use during firefighting exercises. The powerful ventilator is suitable for use in combination with high concentrations of training smoke. This silkflame is suitable for both vertical and horizontal use. Ideal for simulating more complex fires.

The flame cloth's rolling system is unique. The height of the flame is therefore adjustable between 0 and 200 cm. The LED lighting is easy to tilt, allowing for the most optimal result to be achieved with any flame height.

- flame height adjustable between 0 and 200 cm
- equipped with an orange silk cloth, also allowing for beautiful results to be realised in daylight situations
- several flame images as a result of horizontal and vertical placement
- very powerful ventilator
- tiltable LED lighting
- built in plastic box
