

Optimus Compact stove Crux

Order number: CA-01023

The compact Optimus Crux has a foldable burner head that makes it small enough to fit into the bulge at the bottom of the gas bottle.

The 3000-watt burner is powerful and stable, distributing heat optimally and providing even simmering, fast cooking and performance without burning.

If you want to head to the mountains without unnecessary weight, the Crux is a must-have for your gear.

- extremely compact stove
- minimal pack size
- retractable burner head
- the only stove that can be stored in the cavity of the gas cartridge to save space
- powerful and stable 3000 W burner for efficient cooking
- large burner head for optimal heat distribution
- precise flame control - simmering without burning
- CE certified: CE-048BN-0045

Delivery without fuel
