

HAIX Fire Eagle Vario, slip boots

Order number: EB-01233

Uppers

Waterproof leather, hydrophobised, breathable (5.0 mg/cm²/h), thickness 2.0 - 2.2 mm

Inner lining

CROSSTECH Laminat Technology; 4-layer CROSSTECH, watertight and breathable. Abrasion-resistant lining with optimized climate comfort for all seasons, especially for flexible alternating inside and outside use. Superior penetration resistance against blood and body fluids (protection against blood borne bacteria and virus). Increased chemical protection.

Insert

Moisture wicking comfort insert with cushioning effect and antibacterial properties. Separate heel cup ensures optimized cushioning and foot guidance. "AIRFLOW" channels. "Perfect-Fit" marking for optimized boot size choice.

Insole

Moisture-absorbent fleece insole.

HAIX Composite Toe Cap

Anatomically shaped, ultra-light toe cap made from fibre-reinforced synthetic, conforming to the highest safety standards.

HAIX High Durability Cap System

TPU cap with special profile for longer service life.

Puncture resistant sole

Flexible, lightweight metal sole insert preventing punctures (patent pending).

Sole

Lightweight rubber/PU sole in a sports style with sturdy road/rough terrain profile and enhanced toe-to-heel support; wear-resistant with excellent anti-slip properties - even in cold weather. The lightweight PU shock absorption wedge provides extra walking comfort and excellent thermal insulation. The flame-resistant outer sole is non-marking according to EN 15090:2012 and offers excellent resistance against heat, oil

and fuels. Its bright yellow signal marks are visible even through thick smoke.

HAIX Arch Support System

Optimal ankle support and shock absorption in the arch provided by an anatomically formed last; good foot guidance and proper hold thanks to narrow heel and ankle shaft combined with added comfort through broad front foot area.

HAIX Identification System

Name field for boot labelling.

HAIX Vario Wide Fit System

The width of the shoe can be individually adjusted by 3 different insoles. The shoe is supplied with a red insole (medium). A yellow insole (wide) and blue insole (narrow) can be ordered separately.

HAIX Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step - warm air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX Ankle Protector System

Safety Protection zones to prevent injury to the ankle.

Sun Reflect

Reduces heating effect on the upper leather. Sunlight is reflected, keeping leather and feet cooler.

Others

Lateral reflective strips, extra flexible shaft and pull-on straps, Bootjack
