

HAIX Fire Hero 3.0, cut protection class 2

Order number: EB-01241

The safest firefighting shoe in the world: your reliable Fire Hero 3.0.

Upper Material

Waterproof leather, hydrophobic, breathable.

Cut Protection

Protection against cuts certified with level 2 (24 m/sec., chainsaw speed)

Inner lining

CROSSTECH Laminat Technology; 4-layer CROSSTECH laminate, watertight and breathable. Abrasion-resistant lining with optimized climate comfort for all seasons, espec. for flexible alternating inside and outside use. Superior penetration resistance against blood and body fluids (protection against blood borne bacteria and virus). Increased chemical protection.

Non-woven insole

Non-woven insole absorbs moisture.

Foot bed

Comfortable, cushioning, moisture repellent, anti-bacterial. Separate heel shape for good cushioning and foot insertion.

HAIX Composite toe cap

Anatomically formed and ultralight protective toe cap made of fiber-reinforced plastic for highest safety requirements.

Protective Throughsole

Flexible protective throughsole.

Sole

Extremely slip resistant profiled rubber sole. Optimal performance in water. Fulfills the highest demands of the European Standards EN 15090:2012 + SRC.

HAIX HD Cap System

Specially developed profiled rubber TPU cap for long lasting

durability.

HAIX Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX Fast Lacing Fit System

Two Zone Lacing System for quick and optimal lacing adjustment and correct fit of the boot.

HAIX Vario Wide Fit System

The width of the shoe can be individually adjusted by 3 different insoles. The shoe is supplied with a red insole (medium). A yellow insole (wide) and blue insole (narrow) can be ordered separately.

HAIX 3Z Protector System

Safety Protection zones to prevent injury to the shin, ankle and metatarsal.

HAIX MSL System

MicroSoftLight: Improved damping, extremely low weight due to the PU foam across the entire sole area, good cold/heat insulation.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.
