

Flammgard combat jacket technical Rescue Parka

Order number: EB-04515

The all-rounder for technical assistance: the lightweight and robust fabric protects against heat and flames. The parka is also virus- and bacteria-proof and protects against rain. The garment fulfills the high-visibility vest exemption according to DGUV.

The optional zip-in fleece jacket also keeps you warm on colder days (not included).

neckline

- stand-up collar with concealed Velcro fastener, back tab and hanger

front edge

- concealed metal zipper, pull-on aid on the lower edge
- high-necked up to the stand-up collar
