

comazo Fire Shirt Premium, for fighting forest fires

Order number: EB-04601

The Fire-Shirt Premium was specially developed for the extreme requirements of fighting vegetation fires and, thanks to its high-quality and professional features, offers the highest level of safety and optimal wearing comfort for every operation.

- flame retardant and antistatic through the use of aramid and Lenzing FR as well as Belltron
- Aramid guarantees high strength and robustness of the material
- integrated sweat management for a dry feeling
- ideal fit thanks to a high-quality cut and navy-blue fabric inserts
- integrated shoulder pads
- Velcro and zip fasteners in the center front enable different collar variations
- Velcro in the chest and upper arm area for patches
- practical attached logbook/mobile phone pocket
- highly elastic cuffs and an extended back area guarantee high wearing comfort and freedom of movement

material:

base material: 48.5% aramid, 48.5% viscose/Lenzing FR, 3% carbon fiber/Belltron

woven fabric: 59% viscose/Lenzing FR, 29% aramid, 10% polyamide, 2% Static-Control

Basic material and woven goods certified according to DIN EN ISO 11612:2015 Code: A1, B1, C1 and EN 1149-5:2018
