The **rescue-tec fire department fleece jacket Command PRO** in the proven Nato form and modern design with many practical details.

- high-closing stand-up collar
- tunnel with epaulettes
- attached pen pocket on the left sleeve incl. small parts pocket with zip
- left breast pocket with Velcro closure
- Velcro strip 130 x 25 mm for a Velcro sign
- two side pockets with zip

Material: special fleece, anti-pilling, 100% polyester

Mixed fabric insert: 260 g/m², 65% polyester, 35% cotton

Sizes: XS-5XL without oversize surcharge

The fleece jacket is ideal as a service jacket for meetings, exercises, seminars and day shifts. It is worn as **premium team clothing** by both men and women as a transitional and winter jacket.

But not only fire brigades wear the comfortably cut fleece jacket, also task forces from THW, public order office, police and security services up to the navy of the Bundeswehr appear in a dynamic look.
