

rt collection Softshell-Jacket, stand-up collar

Order number: EB-05071

The rescue-tec **fire brigade softshell jacket** combines style and performance in one piece of clothing – so you can do your job even in bad weather!

- highly functional design
- extended back section
- Velcro strip 130 x 25 mm for a Velcro sign
- tunnel with epaulettes
- stand-up collar
- adjustable cuffs

Material: 3-layer laminate, 90% polyester, 10% polyurethane

Sizes: XS–3XL **without oversize surcharge**

The rescue-tec softshell jacket in a modern cut with an extended back section protects against the weather in everyday service thanks to the 3-layer laminate. The design with many functional details makes it a representative companion in wind and weather. It is worn as **premium team clothing** by both men and women as a transitional and weather protection jacket.

But not only fire brigades wear the comfortably cut softshell jacket, also task forces from THW, public order office, police and security services up to the Navy appear in a dynamic look.
