

comazo Flash Hood without shoulder seam, Aramid/Lenzing FR/Belltron, 2 layers, EN 13911

Order number: EB-06014

This 2-layer hood offers optimal protection thanks to its extended neck area. The elastic band makes it very elastic for ideal wearing comfort. The hood has no seam in the shoulder area, but has side seams in the head area. It is certified according to DIN EN ISO 11612, EN 1149-5 and EN 13911, flame-retardant by Lenzing FR and antistatic by Belltron.

- suitable for the fire brigade, police, special forces or military
- comfortable
- professional protection
- flame retardant thanks to Lenzing FR, antistatic thanks to Belltron

material:

48.5% aramid

48.5% viscose / Lenzing FR

3% carbon fiber / Belltron
