

Window Buster Lifehammer Plus, with seat belt cutter

Order number: EH-05020

The Lifehammer Plus with double-sided hammer head made from carbon steel easily smashes the side window of any car. With the integrated belt knife you can easily cut any safety belt. Thanks to the anti-slip handle and the conical handle design the hammer will never slide out of the hand.

The Quick Click System is fast and easy to mount inside the car door. Even a second Lifehammer product can be fixed at the Quick Click System .

- ergonomic designed two-component handle made from high-strength nylon
- hammer head made from C-60 carbon steel
- enlarged cut surface of the belt cutter
- holder system easy to mount with only one screw
- practical Quick Click System for easy removal
