

resqme resqhammer

Order number: EH-05024

resqhammer is a modern, ergonomic emergency hammer with knuckle protection for breaking of windows and an easy-to-use seat belt cutter. The hammer head is made of stainless steel and the razor sharp blade easily cuts through a seat belt.

The resqhammer comes with a convenient mount that can be easily attached to the vehicle with tape.

supplied with:

bracket

double-sided adhesive tape

dimensions: 165 x 70 x 25 mm

weight: 97 g
