

## rescue-tec Holster Multipocket, large, material rtx® 950, with individual text

**Order number:** HO-01070I

Two identical constructed partitions for a rescue knife, multi-function tool or an UK 4AA helmet torch and a wax crayon and/or a marking pencil. One partition has a pull strap to lift smaller equipment for easier taking out.

It can be fixed to a normal leather waist belt, on a hip belt, on a fireman's safety belt and on the Molle-system.

An emergency release appliance, which releases at a force of 250-300 N, minimises the risk of getting stuck.

- flame resistant material, tested in a 6-burner test at 950 ( $\pm$  50 °C) like respiratory protection full-face masks class 3
- emergency release appliance
- the mobility of the wearer is not inadmissible restricted
- the physical burden on the wearer is not increased disproportionately
- the protective function of other PPE is not endangered

With a fleece strip for tube for door marking ribbons.(without contents)

This holster comes with its own labeling request. The front offers space (6 x 4 cm) for the vehicle name or the name of the district or both.

material: rtx® 950
