

## rescue-tec Holster Multipocket, small, material rtx® 950, belt fixation

**Order number:** HO-01080

A slim holster ideal for a rescue knife, a multi functional tool or an UK 4AA helmet torch. With a pull strap to lift smaller equipment for easier taking out. (without contents)

It can be fixed to a normal leather waist belt, on a hip belt, on a fireman's safety belt and on the Molle-system. An emergency release appliance, which releases at a force of 250-300 N, minimises the risk of getting stuck.

- flame resistant material, tested in a 6-burner test at 950 ( $\pm$  50 °C) like respiratory protection full-face masks class 3
- emergency release appliance
- the mobility of the wearer is not inadmissible restricted
- the physical burden on the wearer is not increased disproportionately
- the protective function of other PPE is not endangered

material: rtx® 950

dimensions: 16 x 6.5 x 3 cm

weight: 0.06 kg

meets the following requirements of DIN 14922:2020-02 (Multi purpose bag for fire service use):

- 6.1.1 limited flame spread
- 6.1.3 tensile strenght
- 6.1.4 tear strength
- 6.2 closure system
- 6.3.2 emergency release device
- 10 Instructions for use
