

## rescue-tec Holster Multipocket Compact, black, for a knife or a small tool

## Order number: HO-01090

This compact holster has been developed by customer requirements. Through its narrow shape it is designed to hold a rescue knife or a small multifunction tool.

It has been especially manufactured in black colour for its deployment with police, security, government authorities, hunting or leisure activities.

This holster can be connected to belts, girdles or the "Molle" system by its duplex mount fastener. (without content)

material: Cordura 1000D size: 13 x 6.5 x 3.5 cm weight: 0.04 kg
