

rescue-tec Holster Hesse, black, with individual text

Order number: HO-01450I

The unobtrusive holster is particularly suitable for administrative staff, security law enforcement and emergency services.

Four internal compartments provide space for gloves, a flashlight or a knife, an A6 writing pad with pen and disposable gloves. The narrow compartment is equipped with a pull-out loop to lift smaller items of equipment, such as a flashlight or a knife, for easier removal.

The holster can be attached to belts and the "Molle"-system with the rear duplex closure.

This holster comes with its own labeling request. The front offers space (10 x 5 cm) for the vehicle name or the name of the district or both.

material: Cordura 1000D

dimension: 16 x 4.5 x 4.5 cm

weight: 0.12 kg

Please ensure sufficient contrast between holster's basic colour and text!

This is an individual product. It can not be exchanged.
