

rescue-tec Holster Kiel, belt fixation

Order number: HO-02510

The first aid holster Kiel provide space for a tourniquet and some dressing material. In the subdivided compartments you can carry disposable gloves, bandage (medium), compress, triangular bandage, rescue sheet and a pen.

The attached front compartment is placed to carry a medical scissor or a small multitool. The front cover open by 180° and allowing a good access to the equipment. With the integrated rapid-opening strap, the holster can be quickly open with only one hand.

The duplex fastener on backside allows attachment to belts in different sizes or military waist belt systems.
