rescue-tec Beeper Pouch for Digital Pager, SWISSPHONE s.QUAD X15/X35

Order number: HO-03240

Beeper holster in very robust design. High-quality materials provide good protection against impacts. Due to the transparent, double sewed protective film in the display-cut-out the alarm texts remain readable and the keys can still be used. Furthermore the display is protected against scratching, pollute and impacts.

The beeper is fixed in the holster with the belt clip but can also easily be removed.

Easy fixing at the belt due to loop and push button. For stability the belt loops are firmly sewn and additional rivet.
