

EDELRID SERIUS HEIGHT WORK, Work helmet, Black Edition

Order number: HR-01050

The SERIUS HEIGHT WORK is the ideal helmet for professional work use under extreme conditions!

The chin strap system based on EN 12492 minimizes the risk of losing the helmet in case of a fall. The closed helmet shell reliably protects against impacts and electrical penetration.

- Wing Fit system with knob at the back of the head for optimum adjustment to any head shape
- lateral fastening options for hearing protection and/or visor (Euroslot 30 mm)
- replaceable inner padding
- four robust headlamp clips
- 6-point strap attachment
- three polished surfaces for individual marking (company logo/name)
- head circumference 54 - 64

Included in delivery:
1x replacement pad

EN12492, chinstrap restraint system meets the trigger test (50 daN)

EN397 and EN50365 regarding electrical insulation

EN397 robust helmet shell made of ABS

EN397 meets the requirement for use in extremely low temperatures down to -30 °C

ANSI/ISEA Z89.1-2014 Type I Class G CE
