

PETZL MICRO SWIVEL

Order number: HR-03190

The compact, openable MICRO SWIVEL is designed for attachment to a locking carabiner. It helps prevent twisting of lanyards and allows correct positioning of devices. Its design without bearings allows it to turn freely when not loaded and to stop moving when loaded in order to maintain the devices in position.

- point for a locking carabiner. This point has a flexible ring that helps hold the carabiner in the major axis position
- wide opening for easy, semi-permanent installation on a lanyard or device
- turns freely when not loaded and stops moving when loaded in order to maintain the devices in position
- compact, gated assembly reduces bulk and weight of component systems

Material(s): aluminum, plastic

Weight: 75 g

Breaking strength: 23 kN

CE, EAC
