

## EDELRID PURE TRIPLE, Triple Lock-Carabiner

**Order number:** HR-10040

Robust and versatile Triple Lock carabiner for all vertical disciplines.

The special geometry of the nose in combination with the Keylock closure ensures optimal handling when hooking and unhooking. The large rope contact surface reduces material wear. An additional safety reserve is provided by the high open strength.

- H-profile design for best possible material utilization with minimum weight
- Load capacity lengthwise: 22 kN
- Load capacity open: 8 kN
- Load capacity crosswise: 8 kN
- Width: 60 mm
- length: 97 mm
- Opening of the latch: 18 mm

Material: Aluminium 7075 T6

EN 12275, EN 362
