

PETZL WILLIAM BALL-LOCK Carabiner

Order number: HR-10115

The WILLIAM asymmetrical large capacity aluminum carabiner has a pear shape that is practical for easily connecting multiple items. Its ergonomics and Keylock system facilitate manipulations, even when wearing gloves.

- carabiner can hold a very large quantity of equipment
- optimal shape for belaying with a Munter hitch
- shape designed for gripping with gloves on
- asymmetrical pear shape facilitates opening and the manipulation of the locking system
- Keylock system to avoid any involuntary snagging of the carabiner
- BALL-LOCK: frequent use with practical automatic locking; secure use with triple-action opening

material: aluminium

gate opening: 28 mm

breaking strength: 27 kN lengthwise, 8 kN open gate, 8 kN crosswise

weight: 90 g

CE EN 12275
