

Singing Rock HMS Carabiner Bora, Twistlock

Order number: HR-10176

Lightweight and compact HMS carabiner with TwistLock closure.

Material: aluminum

Minimum breaking load closed: 23 kN

Minimum breaking load open: 8 kN

Minimum breaking load transversely: 8 kN

Snap opening: 22 mm

Weight: approx. 68 g

CE, EN 12275, EN 362, UIAA

The hot-forged I-beam construction makes the carabiner extremely strong. A stiff and light, large rope contact surface allows the rope to slide better and reduces wear on the carabiner. The pear-shaped basket makes it easier to belay with the Münster coupling or other belay devices.
