

PETZL AXIS Rope 11 mm, length 60 m, with sewn termination

Order number: HR-20250

The AXIS 11 mm low stretch kernmantel rope is designed for work at height. The standard diameter ensures a good grip for easier handling. The EverFlex construction guarantees great flexibility and consistent performance over time.

- standard diameter ensures a good grip for easier handling.
- EverFlex construction with nylon core and polyester sheath, with specific weave this construction ensures great flexibility over time, under any conditions (water, dust, mud...), which allows it to maintain excellent handling and optimal functioning with devices
- with sewn terminations manufactured on one or both ends, providing a ready-to-use rope. These terminations have a protective sheath that keeps the connector in position and facilitates handling. They are also stronger than a figure-eight knot and meet the EN 353-2 standard (mobile fall arrest system including a flexible anchor line, ASAP + rope)

diameter: 11 mm

strength with sewn termination: 22 kN

strength tied with figure-eight knot: 19 kN

impact force (factor 0.3): 5.2 kN

number of factor 1 falls: 12

weight per meter: 82 g

length: 60 m

CE EN 1891 type A
