

rescue-tec Holster XL-RRK RESCUE, for Escape Hood

Order number: ID-13

Extended version of the fire escape hood holster with a large interior compartment for a fire escape hood and a tubular loop with HMS carabiner as well as three slots for various equipment (e.g. knife, permanent marker, biting gauge, ...).

On the right side there is an additional compartment for the rescue knife RRK-Rescue. On the left, two timber wedges can be stored in a divided compartment.

Due to its size, this version can no longer be worn on the hip belt. Either an optional shoulder strap or carabiner are available as carrying options (not included) (without content)

material: Nomex

dimensions: 23 x 24 x 10 cm

weight: 0.41 kg
