

rescue-tec Holster Iserlohn, for Fire Escape Hood

Order number: ID-28

Version of the Holster Escape Hood XL (HO-01065) developed with the Fire Brigade Iserlohn with additional compartments.

for tubular loop (200 cm), UNISEK pocket size key, two marker pens and carabiner.

For transporting and protecting a fire escape hood (incl. covering box). The attached front pocket offers space for a tubular loop (200 cm) and a carabiner, or an UNISEK pocket size key. The two 3D wooden wedges are housed in the side pocket which is closed with a lid. On the top there are two compartments for two marker pens and 4 pieces of ribbon for marking doors including stopper. The Cologne scissors are kept in the left side compartment and are protected from loss by a Key-Bak reel.

The holster can be fixed on the b.a. belt or couple. Alternatively, it can be fixed with a shoulder strap or a carabiner (not included).
