

## rescue-tec Rapid Intervention Team Bag, model Nuernberg

**Order number:** ID-31

Version of the Rapid Intervention Team Bag RIT-Bag developed with the Fire Department Nuernberg with additional compartments for chisels and multi-purpose knives as well as passage for 6 mm safety line.

On top of the bag there is a compartment for a 6 mm safety line with a lead-through to the outside as well as a fleece strip for a reflective shield (380 x 80 mm). On the long side there is a holder for a chisel and a pocket for a tubular loop. On the opposite side there is a compartment (23 x 8 x 2.5 cm) for scissors Cologne.

In the main compartment there is a slot for an fire escape hood as well as the fixation for the middle pressure line (if necessary with Y-adapter). (without content)

material: Cordura, black

dimensions: 16 x 29 x 77 cm

weight: 2.5 kg
