

rescue-tec Nomex Back Label 130 x 25 mm, with individual text

Order number: KE-06021

The lightweight, flexible Nomex back shield with sewn-on Velcro tape can be worn on overgarments, but also ideally on light TH or forest fire emergency clothing.

Due to the Nomex material it is possible to wash the back shield at 30°C without any problems.

dimensions: 130 x 25 mm

You can choose between the following options:

font: Arial fett, VAG

font colour: black, blue, white, yellow, green, red

basic colours: dark blue, beige/sand

Please ensure sufficient contrast between back label's basic colour and text!

This is an individual product. It cannot be exchanged.
