

Kindswater Jet / Spray Branchpipe CM, Storz C-coupling, EN 15182-3

Order number: LT-01039

With the multi-purpose nozzle, either full or spray jet can be emitted. The construction is simple, less prone to failure and insensitive to dirt. Cleaning is easy by switching the jet shape. The spray angle and strength can be continuously changed by means of intermediate positions in the spray jet range. Multipurpose nozzles are not suitable for use in internal attacks.

material: aluminum / plastic
dimensions: 440 x 98 x 170 mm
inlet: 52-C
Ø nozzle: 12 mm
Ø tip: 9 mm
weight: 1.2 kg
