

AWG Nozzle HS7-D, without handle, Storz D-coupling

Order number: LT-01220

Smoothly adjustable from OFF via 120° spray to full jet. Long throw distances of full and spray jet obtained because of the minimal pressure loss. Compact and simple construction makes the nozzle light and maintenance-free.

dimensions with coupling: 262 x 57 x 27 cm

max. pressure: 16 bar

flow rate: 80 l/min at 5 bar
