

AWG Nozzle HS7-D, with handle, Storz D-coupling

Order number: LT-01230

HS-Nozzle with handle. Smoothly adjustable from OFF via 120° spray to full jet. Long throw distances of full and spray jet obtained because of the minimal pressure loss. Compact and simple construction makes the nozzle light and maintenance-free.

dimensions: 262 x 57 x 27 cm

inlet: 25-D

max. pressure: 16 bar

flow rate: 80 l/min at 5 bar

throw distance full jet: 26 m

throw distance spray jet: 8 m

weight: 0.8 kg
