

## rescue-tec Velcro Belt for Hose Package, content 3 pieces

**Order number:** LT-01250

Can be used for 30 m C42 (three belts per pack) or for 15 m C42/52 (two belts per pack).

advantages of the hose package

- the packet is easy to carry, e. g. over the shoulder or at the breathing apparatus
- there is no carrying system with an unnecessary own weight
- the hands are free
- the hose package is very easily and quickly to put out
- the nozzle can not be forgotten
- the package can be stored in front of the hot door, requires only minimal space
- unused hose packages can be lean against the wall
