

Wildfire Hose WILDCAT, D25, 30 m, DIN 14811, STORZ coupling

Order number: LT-02057

Versatile and highly flexible flat hose for wildfire use made of spinneret-dyed special fabric in the color yellow-orange. Made of 100% synthetic polyester yarn, round woven in twill weave. Inner lining made of special and high quality polyurethane.

• signal color provides high visibility in the field
• small pack size (approx. Ø 25 cm for 15 m roll)
• low weight for relief of the emergency forces (saving of approx. 1 kg for 15 m roll)
• very good bending radius ensures high flexibility in off-road use
• self-protection due to defined perforation of the inliner (flame test: 10 min. at 960 °C according to DIN 14811)
• low pressure loss due to smooth inner liner
• rot-proof
• easy to clean and maintenance-free
• cover with VA wire
• cold-resistant: up to -40 °C
• heat resistant: up to +100 °C

perforation: water loss approx. 4.8% at WP 9 bar (at standard length 15 m)
material: polyester
operating pressure: 16 bar
burst pressure: 60 bar

DIN 14811 class 1
