

Hose Bridge Crocodile, Type A, for two A hoses

Order number: LT-04020

The foldable hose bridges can be laid down in seconds. Both sides are held together with a non-rusting cable, so that it remains elastic even on uneven ground. The bridges have side tabs to prevent slipping apart when laid out together.

- for two hoses size A (diameter up to 70 mm)

length open: 120 cm

length folded: 62 cm

width: 30 cm

height: 13 cm

weight: 12.5 kg
