

BIG Smoke Ejector SE18-E0 Blue Edition, electric engine, fixed speed, power 0,75 kW

Order number: LT-06083

The BIG SE18-E0 ventilation device is a light, compact axial blower that enables negative and positive pressure ventilation and is powerful and reliable.

The propeller sits directly on the drive shaft of the electric motor. The steel air guide housing with integrated carrying handles is secured with a protective grille on the front and rear. The vibration-damping support pads are made of hard rubber.

Spiral hoses can be mounted on both the suction and the pressure side.

type: SE18-E0-B1

engine: electric motor, fixed speed

power: 0.75 kW

effective air output: approx. 26.500 m³/h

motor: 230 V / 50 Hz

dimensions: 51 x 51 x 40 cm

weight: 19 kg
