

## Spencer Basket Stretcher BOSTON PRO, incl. Spineboard ROCK

**Order number:** RD-02068

The combination basket stretcher and spineboard offers several advantages, especially for rescues in inaccessible terrain. The patients free movement is restricted automatically, so immobilization and securing of the patient is much easier, specifically for height and water rescue. Thanks to the releasable spineboard the complete combination is floatable. The aluminium frame is light and high torsion-resistant.

- frame made from welded 30 mm aluminium tubes
- rapid release system for securing the spineboard
- light and versatile

dimensions: 211 x 65 x 25 cm

load capacity: 360 kg

weight: 17 kg
