

Stretcher 1 x foldable

Order number: RD-02310

Seamless aluminium structure with even carrying capacity. High mechanical and tensile solidity. High resistance against impacts of coldness and high stability of shape when exposed to heat.

The stretcher cover offers durable water repellency, a smooth surface for complete and easy disinfections, and a satisfying performance even after repeated use. Non-slip and insulated carrying handles. Both types have pillow bags and safety belts with quick release clip locks.

dimensions: 2.302 x 556 x 137 mm

dimensions folded: 1.920 x 150 x 145 mm

weight: 7.3 kg

DIN 13024
