

rescue-tec First Responder Bag, tarpaulin, with individual text

Order number: RD-06036I

This emergency bag offers enough space for basic requirements inside the automobile, for quick response Teams (QRT) or as spineboard accessory bag.

The top cover can be completely unfolded using an all around zip. On the inside of the top cover there are plenty of loops for small items. Inside the top cover there is a transparent pocket for important documents, information, etc.

The stable insert in the bottom part of the bag provides a secure stand and stability. On the front and on the reverse side of the bag there are transparent pockets for identification. The robust tarpaulin material is water-repellent, easy to clean and keeps the contents dry and clean.

The bag can also be used for other purposes, for example for tools or consumables. As an accessory bag for spineboard, it offers space for Anatomic Head Immobilizer Set and Belt System or Spider straps system.

This bag can be carried by shoulder straps or as a backpack (without content).

The bag comes with its own labeling request. The top offers enough space (30 x 12 cm) for the vehicle name or the name of the district or both.

material: Nylon PVC-coated

size: 49 x 27 x 32 cm

volume: 42 l

weight: 1.72 kg
