

HAIX Ranger GSG9 S 2.0, police boots

Order number: SI-01076

Ready for any mission: The Ranger GSG9-S 2.0 gives you enough support.
Safety class O3

Upper

Waterproof leather, hydrophobic, breathable (5,0 mg/cm²/h), 1,8 - 2,0 mm thick

Inner lining

CROSSTECH laminate technology, waterproof and breathable. Abrasion resistant lining with optimal climate comfort for all seasons, especially for flexible indoor and outdoor use. Excellent penetration protection against blood and other body fluids (protection against resulting viruses and bacteria). Increased chemical protection.

Footbed

Anatomically shaped insole with very good moisture absorption and fast drying, replaceable, washable.

HAIX Protective sole

Flexible, metal-free, puncture-resistant sole insert.

Sole

Rubber/PU sole with a street/terrain tread, abrasion resistant and slip resistant. Optimal tread and roll-off characteristics due to sporty toe and heel bounce. The PU midsole provides excellent cold & heat insulation from the ground, non-marking, antistatic according to EN ISO 20347:2012.

HAIX Climate System

The HAIX Climate System uses the pumping motion created by walking and transports moisture to the ventilation openings on the upper and tongue.

Sun Reflect

Reduces the heating effect of the upper leather by sunlight. Sunlight is reflected by the leather, so less heat is conducted to the foot.

**HAIX 2-Zone Lacing**

Two-zone lacing system allows separate adjustment of the shoe to the foot and upper area.

Other

Very well suited for "fast roping" due to closed lacing system, two-zone lacing.

Size: UK 3 / EU 35 – UK 15 / EU 51
