

HAIX COMMANDER GTX

Order number: SI-01135

With the Commander GTX you are always well equipped. The successor of the top seller KSK3000.

Upper Material

Waterproof leather, hydrophobic, breathable 2.5 - 2.7 mm thick

Inner Lining

GORE-TEX Extended; waterproof and very breathable. Highly abrasion-resistant lining with excellent climate comfort. Especially for flexible interchangeable indoor and outdoor use and at warmer temperatures.

Plastic/Non-woven sole

Moisture-absorbing, dimensionally stable, torsion-proof, avoids punctual pressure (e.g. of stones).

Insole

Comfortable, damping and moisture wicking. Separate heel cup provides good cushioning and foot guidance.

Sole

Rubber/PU walking sole with proven street/ terrain tread, wear resistant and non-slip traction; large, bevelled contact surface and superior bending comfort. Fuel-Oil resistance and non-marking characteristics. Heat and cold resistant. Compliant with EN ISO 20347:2012.

HAIX Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step - warm air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX 2-Zone Lacing

Two Zone Lacing System enables a separate adjustment of the boot to the foot and leg area.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the

leather and the feet cooler.

Others

Lacing system with smooth-running lacing elements, very good heat and cold insulation, pulling strap, manually applied rubber sidewall on the front and back of the boot for a better durability, black sole, antistatic.
