

## Fire Resistant Document Case, max. dimensions content: 350 x 250 x 35 mm

**Order number:** SI-03100

The fire resistant document case protects your important documents like passports, contracts, certificates, cash etc. against fire.

The document case is made from light, close meshed glass fibres. It is extremely heat resistant and can withstand temperatures of approx. 530 °C for more than one hour. Stow your documents in this case and put it in a safe place.
