

TSURUMI Drainage Pump LSC1.4S Feuerwehr, max. 170 l/min, 230 V, STORZ C coupling

Order number: SO-07030

This drainage pump was specifically designed for drainage of cellars and concrete areas. It is used where (waste-) water shall be pumped out of objects thoroughly. The LSC is especially suitable for fire brigades and civil engineering companies. The fire brigade design comes with 20 m power cable, pressure water protected plug and coupling STORZ C.

- flat suction up to only 1 mm water height
- low weight and compact size
- shock-resistant housing
- high endurance, also at dry operation

delivery rate: max. 170 l/min

delivery height: max. 11 m

protection class: IP68

voltage: 230 V

coupling: STORZ C

solids passage: max. Ø 6 mm

dimension: Ø 196 x 316 mm

weight: 11 kg
