Forum combination pliers polished 180 mm 2-component handle
Forum machinist's hammer DIN 1041 500g handle protection sleeve
Forum cutter knife 9 mm with 1 blade
Knipex compact bolt cutter CoBolt, 200 mm

Classic Lever Pick Dietrich

The classic lever pick opens most warded locks.

**Key Turner Set**

The 2 piece key turner set gives the opportunity of opening warded locks (e.g. room doors) where the key is still inserted on the other side.

Multi-Function Key

The multifunction spanner can be used for opening, closing, measuring, testing and installing. This all-rounder is made from nickel-plated zinc alloy and is used in many areas such as the fire brigade, THW, police, key services, security companies and chimney sweeps.

Bitting Gauge

Made from mirror-finish, nickel plated annealed cast iron. For profile cylinder locks (17 mm Ø), with square journal 6-10 mm, hardened 3 mm. Allen key in the tip and bottle opener. Scale for measuring profile cylinder lengths.

Tilt & Turn Window Opener

The tilt and turn window opener is a tool made of hard rubber. It is ideal for opening all tilt and turn windows.

Special Glass Punch

Hardened, automatic special spring centre punch for opening side or rear windows. Single-handed operation: just position and push!

rescue-tec Shoulder Strap, cushioned

material: nylon, black

length: 130 cm (variable)
