rescue-tec holster Heidelberg

Emergency holster to fix at the shoulder belt of the breathing apparatus. To open with only one move and the scissors Cologne can be used. The safety strap protects the scissors against lost.

material: web belt

scissors Cologne

The advantage of the scissors Cologne is to cut cords, wires, belts etc. with only one hand.

length: 21 cm

elastic safety straps

Ideal to protect equipment like knives or scissors against lost.

material: elastic cord, length normal: 70 cm, length pulled: ca. 100 cm

rescue-tec permanent Marker, colour red

The marker serves for signing especially on dark, rough and dirty surfaces. It writes like chalk but with a viscous, opaque paste, which dries up lightfast, water- and scratch-resistant after a short period.

Partially the pictures show filling samples.
