

rescue-tec Bag for 5-10 ID Waistcoats, with individual text

Order number: TA-02210I

This bag offers optimum protection for five to ten waistcoats and the associated back label (380 x 80 mm). The bag is departed in 5 similar compartments.

Using the fleece strips applied on the inside of the bag, the back labels are simply hung in a crease-free way and can be reached quickly and easily when required. Of course it is also possible to hang the breast label inside the bag. (without contents)

This bag comes with its own labeling request. The front offers enough space (30 x 15 cm) for the vehicle name or the name of the district or both.

material: Cordura 1000D

dimensions: 31 x 46 x 23 cm

weight: 0.80 kg

Please ensure sufficient contrast between bag's basic colour and text!

This is an individual product. It can not be exchanged.
