

rescue-tec Clothing Bag HuPF, with individual text

Order number: TA-03005I

It is possible to storage the full range of outer clothing for fire fighting in this bag. It has a main pocket for an outer jacket and outer trousers, as well as an additional hygienically separated boot section.

In addition, it is possible to store a helmet, safety belt and rope pouch in a separate pocket.

Furthermore, the bag features a strap system which enables it to double up as a rucksack. Through this, heavy work wear can also be easily and comfortably transported over a long distance. (without contents)

This bag comes with its own labeling request. The front compartment offers enough space (35 x 15 cm) for the vehicle name or the name of the district or both.

material: Cordura 1000D

dimensions: 80 x 30 x 40 cm

volume: ca. 90 l

weight: 1.85 kg

Please ensure sufficient contrast between bag's basic colour and text!

This is an individual product. It can not be exchanged.
