

rescue-tec Storage Bag for Roof Car Signs, with individual text

Order number: TA-040501

To protect and store a sign for car roofs in the vehicle.

The storage bag made of robust Cordura has been developed for roof signs up to 29 x 17 x 13 cm. For smaller signs the bag's deepness can be reduced from 17 cm to 14 cm. To protect the sign the side and back walls have been reinforced. The two inner compartments have enough space for further equipment, e.g. two emergency lights or one emergency light and a cleaning cloth. (without contents)

At the bottom the bag has a hook fastener to fix in the back room.

This bag comes with its own labeling request. The top of the bag offers enough space (25 x 8 cm) for the vehicle name or the name of the district or both.
