

rescue-tec Accessory Bag, large, with individual text

Order number: TA-05100I.B

As diverse as the tasks and the operational areas so is the equipment too. Therefore rescue-tec offers the multifunctional accessory bag. It is without compartments and so can be used in a number of different ways. With its compact size it is small enough to be worn comfortable at the belt but big enough for various equipment.

The accessory bag offers space for a small fire blanket or first-aid-material, for a hi-vis waistcoat, tools or special equipment. There is also space for documentation material for civil protection intervention and disposable gloves find a place in the separate front pocket.

The convenient 2 way zipper can be also opened with gloves easily. The padded back side provides additional comfort. The bag can be fixed onto narrow belts as well as wide belts and the Molle-system.(without contents)

This bag comes with its own labeling request. The front offers space (10 x 4 cm) for the vehicle name or the name of the district or both.
